CAUSE FOR ALARM.

How baldness begins. How to prevent it.

Every person, male or female, shrinks from baldness. It adds to the appearance of age and is a serious discomfort. The cases are rare when the falling out of the hair may not be stopped, and a new and healthy growth of the hair promoted. The hair grows in the scalp like a plant is the soil. If a plant flourishes, it must have constant attention; it must be watered regularly and find its food in the soil where it is rooted. It's so with the hair. Neglect is usually the beginning of baldness. Dandruff is allowed to thicken on the scalp. The hair begins to loosen. The scalp loses its vitality. The hair, insufficiently nourished, begins to fade and to fall. The instant need in such a case is some practical preparation which, supplying the needed nourishment to the scalp, will feed the hair, give it strength, and so produce a strong and healthy growth. All this is done by Dr. Ayer's has been restored to its original color, dark brown. It gives me much pleasure to recommend this dressing."—

Asy Woman, With a Little Experience

HOW TO WASH WITH EASE.

Can Wash Garments Satisfactorily.

That the family washing cannot be satisfactorily done with a scant supply of hard water and inferior soap is a fact not always understood by housekeepers, yet these inconveniences are the cause of yellow clothes, and faded garments. Strong lye soap made in the home kitchens, may have answered for the use of our grandmothers, and the cheap laundry soap found in the village stores half a century ago was thought good enough for women who had learned to make hard rubbing do the work which good soap should have done. But in this age of progress labor-saving appliances are used by intelligent women, and in no place do they count for more than in the laundry. After asserting the clothes, put the linens in a tub nearly full of hot water, and rub them with Ivory Soap, as each piece is washed, it should be wrung out, and placed in a clean tub. When all are washed pour boiling water over, and let stand until cool, then rinse, and starch the clothes. After the linens are washed, the white wearing clothes should be washed in the same way then the colored garments the white wearing clothes should be washed in the same way, then the colored garments taken through fresh suds, rinsed, starched, and hung on the line. When dry each piece should be taken from the line, shaken out, sprinkled, folded and laid in a basket until morning, when they should be carefully ironed.

YOU CAN'T STOP 'EM.

The Fury of an Unfettered Element Palls

to Crush Thom-The Fire Flead Defied. The news comes from Attica, Ind. of the destruction, by fire, of the big isboratory and office building of the Sterling Remedy company, makers of Cascarets Candy Cathartic and No-To-Bac, the original guaranteed tobacco habit cure. The preparations made by this big corporation are known throughout the world.

The fire broke out in one of the packing rooms on the third floor during the noon hour, and had made considerable headway before it was discovered.

The Sterling Remedy company is the principal industry of the beautiful little city of Attica, employing several hundred people, besides being affiliated with the interests at the Indiana Miners! Springs, the famous Magno-Mud The entire population was worked up to a frenzy of excitement.

Meanwhile the almost proverbial energy and presence of mind of "Hustling" Harry Kramer, the general manager of The Sterling Remedy company, was displayed. He was the coolest man at the scene. He quietly walked away, and secured a big carriage show room near by, and had all office furniture, charred and delapidated as it was, taken there. Several shipments were made the same evening from goods saved, and on Friday morning, all departments were at work in varlous rooms about town, while a gang of men were cleaning away the wreckage preliminary to rebuilding.

The actual damage amounts to many thousands of dollars; the loss due to interruption of business and confusion of detail is inestimatable, but pluck and energy of one man will turn defeat into victory and move the wheels of business to ever-increasing speed. Nothing can stop the success of Cas-carets and No-To-Bac with such characteristic force behind them.
